

## Please see the attached announcements from the social committee

Dear Neighbors,

As the chair of the new **Red Fox Run Social Committee**, I would love to get your feedback on what types of neighborhood events you would like to see in the future and future endeavors of the social committee.

Historically, we have hosted two major events each year:

- A **spring/summer picnic** before the weather gets too hot
- A **holiday party in December**

For the past five years, these events have been held at **FENCE**. Additionally, we have taken on **Foxy Ladies luncheons**, which often are quarterly. These gatherings are either **potluck-style at a free venue** or at a **restaurant that can accommodate 30 or more attendees**.

One challenge we face is that while we do have a budget, we must break even at the end of the year, meaning we cannot incur costs without covering them through event fees or other contributions. With over **150 homes in our neighborhood**, we had only **38 attendees** at this year's holiday party. To improve participation, we need **your input and support**. **Below is a list of questions that will assist you in sharing your input.**

We welcome all suggestions! Our goal is to **nurture our community by bringing us together**, and your input will help shape the future of our neighborhood gatherings.

We will be having a Picnic on June 1st please see flyer below for more details.

Thank you for your time and feedback—we look forward to hearing from you!

**Sandy Mertz**

Chair, Red Fox Run Social Committee
