

Good morning,

We have received word from GFL that there will be **no trash pickup tomorrow, Wednesday, January 28**. This is due to the fact that GFL is currently unable to get their trucks out of their lot to run their routes.

The next scheduled trash pickup will be Wednesday, February 4, and GFL has confirmed they will pick up two weeks' worth of trash at that time.

I wanted to share this update as soon as possible. I hope everyone is staying safe, and we are all looking forward to the warmer temperatures to help finish melting the ice and snow.

Have a great day.
