

Former Pro Shop Update and message from Joe Kilpatrick

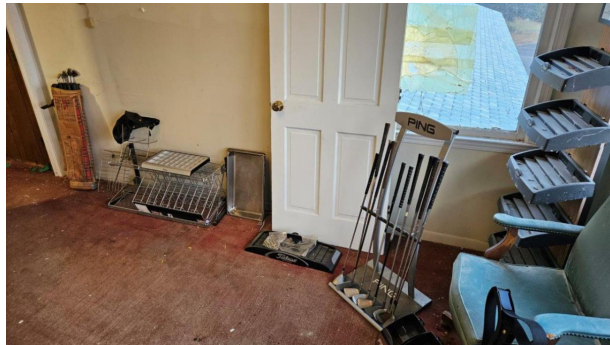

Hello friends and neighbors,

Winter has pushed its way into the season a bit early this year. Perhaps it will warm up nicely this weekend. I wanted to share with you that next week the upper Pro Shop building will be demolished as we make room for our new home. We are preserving the large golf cart garage and will make use of that storage area. Attached are a few photos of items that are available. Items include several file cabinets, electronic items, printers, computers (I haven't plugged them up to test them), along with miscellaneous items from the shop. All items at the front counter, with the exception of the stand-alone glass displays, are **FREE** on a first come first served basis. The 4 large glass display cases are available for sale at \$100 each. You will need to disassemble and move. I will open the shop and make the room available on Saturday afternoon from 2:30-5, as I have a few items I intend to move down to the garage below. I can open it again on Sunday afternoon from 2-4 if needed. You must remove the items you want by end of the day on Sunday. The desk and book case in the shop are not for sale.

If you are planning to stop by, please text or email me so I know you are coming.

Thank you,

Joe Kilpatrick
